---

I would have to look into who else could attend. Let's touch base in a week or two.

Hi John:

Thanks and understood.

Would someone else from EPA be able to attend on either 10 or 24 July?

Unfortunately I wasn't able to make the ceremony today.

Best,

Tony

Tony, I know the Navy is getting similar inquiries from the City of Concord as well, and if it's important to the City of Alameda that we be there and answer any questions, we would attend, but EPA would not plan on presenting anything since the Navy would be best at describing the full scope of TT work at the site and the QA/QC that took place. For those particular dates, however, I am on annual leave. I'm happy to discuss the issue with you in advance though, so you understand our perspective on the issue as it pertains to Alameda.

I assume you were at the groundbreaking ceremony today. Hope it went well.

John

Subject: City of Alameda - City Council request to talk about TT /Alameda

Hi John:

With the TT data falsification in the news and the BOS Hearing last week, the City of Alameda City Council has requested Navy come meet with them to discuss TT and Alameda.  
Potential dates are July 10 or July 24.

Wanted see if you are amenable to participating?

Obviously, ton of preparation and coordination needs to and will occur going forward.

Cecily Sabedra (BRAC Env. Coordinator) will be reaching out to Xuan Mai to discuss.

Best,  
Tony
